- Lloydsmiu.com is the **only** global maritime information portal which allows you to track and trace the world's merchant fleet
- Lloydsmiu.com now has the largest global network of AIS (Automatic Identification System) receivers and currently reports over 28 million vessel positions a day
- Lloydsmiu.com allows you to view cross-referenced information on 120,000 vessels, 163,000 maritime companies, and 2,800 commercial ports. You can also access over 12,000 company credit reports online
- Lloydsmiu.com is the most up to date, accurate and reliable maritime database in the world

Vessels

Lloydsmiu.com now lists over 120,000 vessels and their related characteristics. This information is updated 24 hours a day to ensure you have the best information on the maritime market.

Once you have found your vessel you will have access to a wealth of data within the vessel overview screen. The key fields include:

- Vessel name & history
- Vessel characteristics including: registration details (IMO, call sign, MMSI, port of registry)
- Flag
- Tonnages
- Owners/managers name
- ISM
- ISPS
- Hull type
- Dimensions

You can also view the latest position and destination details of your chosen vessel as well as examine the inspections, detentions and casualties related to the vessel.

We also have up to the minute headlines from Lloyd's List that relate to the vessels, companies and ports you are looking for.

Advanced search functionality

Our industry leading advanced search and query function allows you to search across 10 different search combinations:

- **Vessels** - search by name, call sign, IMO, class, flag, MMSI code and status
- **Characteristics** - search by name, flag, gross, deadweight, type, build date, length & breadth, engine builder, designer or designation
- **Narratives** – search by narrative text
- **Ex names** – search by former or current name, dates, gross, deadweight and type
- **Casualties** – search by dates, locations, cause, class, flag, gross and deadweight tonnages, year built
- **Engines** – search by engine designation and type
- **Special activity query** – search by name, move type, flag, gross, deadweight, vessel type, status, build year, port, country, areas, arrived and sailed dates

Companies

Lloydsmiu.com will also give you full contact details and information on over 163,000 companies in the maritime industry.

You can search by:

- Company name
- Industry sector – over 42 in total
- Country

Also, if you are searching for a Ship Owner/Manager/Operator you can also view the full fleet details attached to the companies in our cross referenced database.

Company Credit Reports

Lloyd's MIU is the acknowledged world leader in providing Company Credit Reports to the marine, energy, commodity, transportation and aviation sectors. All our credit reports are written by a team of industry experts whose backgrounds cover a wealth of experience in these sectors.

Within lloydsmiu.com there are currently over 12,000 downloadable credit reports. We can also update any pre-written report in a matter of hours if required. If a report is not listed online you can commission our team to write one specially for you.

You can search for credit reports by:

- Company name
- Keyword
- Sector
- Country

We have 5 different standard reports that you can choose from:

- CharterCheck
- TraderCheck
- SalesCheck
- SpotCheck
- StatusCheck

You can either order your Company Credit Reports on a pay as you go basis or as part of an open access subscription package, which will grant you instant access to every single report on the database.

Places

Lloyd's MIU also contains information on 2,800 of the world's commercial ports and 19,000 terminals. Not only do we supply basic details about the port, we also list all vessels who are currently entering or departing the port concerned.

With an easy search function that allows you to search by place name, country, area name or port authority, finding information on world's ports is quick and easy.

Each port lists the vessels currently in port or a date they are due in, and will also give you arrival dates and sailed dates. Where possible we can also supply ETA's (Estimated Times of Arrival) so you know when the vessel is due in port.

We also list every vessel that has been subject to port state control or detention along with the reasons for its incarceration.

Port Details

If you subscribe to the Port details option of lloydsmiu.com then you will gain access to the online version of Lloyd's List Ports of the World. It includes comprehensive details on the location and capabilities of over 2,800 commercial ports and 19,000 terminals.

Within the Port details option you will have access to:

- Principal facilities
- Accommodation details
- Key information including: port authority details, ISPS compliance, pilotage, radio frequency, vessel dimensions, working hours, storage details, ship chandlers information, ship agent information, surveyors information, medical facilities, nearest airport and railway details.

Port details can be bought as a stand alone subscription or as part of a package with lloydsmiu.com.

Casualties

Lloyd's Casualty Archive is the world's largest database of serious and non-serious casualties and is available within lloydsmiu.com. It is the only online archive to list every casualty that has happened since 1990!

Lloyd's Casualty Archive will give you access to:

- Over 352,000 casualty reports
- Marine, non-marine and aviation reports

The powerful search functions allow you to search by:

- Words or phrases i.e. oil, collision
- Date ranges
- Subject i.e. marine, port conditions

Lloyd's Casualty Archive can be bought as a stand alone subscription or part of a package with lloydsmiu.com.

Additional subscription options on www.lloydsmiu.com

Once you have decided which subscription package you want, you can enhance it with the following options.

MyList

MyList allows you to create individual vessel lists or fleet lists, so you don't have to keep going in and searching for individual vessels.

With a subscription to MyList you will be kept informed of:

- Latest position
- Flag changes
- Ownership changes
- Inspections & detentions
- New company credit reports

You can also set up email alerts on up to 50 vessels. Email alerts will advise you of everything above plus it will include:

- IMO number
- Gross tonnage
- Vessel type

You can also view your purchase history of company credit reports so you know which companies you have bought reports on. You can also enable email alerts for company credit reports that you have bought so you know when the report has been updated.

MyList can only be purchased as part of a package to lloydsmiu.com and can be found in MyLMIU.

AIS

Lloydsmiu.com has the largest global network of AIS receivers and we receive over 28 million position reports everyday. This allows us to show you the most up to date position reports for the vessels on our database.

Lloydsmiu.com AIS allows you to filter records by type, classification, flag, tonnages and status (underway, berthed, and anchored). Each record selected gives you a relevant summary of information on the vessel.

AIS can only be purchased as part of a package to lloydsmiu.com.

Additional characteristics

With an extra subscription to characteristics you will get access to an extra 180 fields of data for each vessel, including:

- Hull details
- Cargo capacities
- Facilities
- Machinery
- Communications
- Inmarsat details

Additional characteristics can only be purchased as part of a package to lloydsmiu.com.
